How to Complete the SAR Training Application Form

Please print using a dark pen or use the online fillable form.

Section A

Complete all fields before sending the form to the JIBC. Incomplete or illegible forms may delay processing and may result in not being registered in the training.

Section B

Check off all relevant courses and dates completed.

EMRG-1751 OARTM: To be registered for EMRG-1751, students need to have successfully completed EMRG-1750 **or** CAA's AST1. If using the AST1 prerequisite, the JIBC must receive, with the signed application, a copy of the certificate or transcript confirming completion. If the documentation is not included, the application cannot be processed.

Section C

No application can be considered without being signed off by either the Training Officer or President. If the Training Officer is applying to attend a course, the President of their SAR group must sign the application form, and vice versa.

A form received without this information will be delayed and may not be considered for the course.

Priority: If submitting more than one application this box **must** be filled in. For over-subscribed courses we may not be able to accept all applicants from the same SAR group, so it's important to indicate the order of priority for your applicants. Please do not prioritize all applicants as #1.

Fax or email the application by the deadline in the Announcement to 604-528-5798 or SAR@jibc.ca.

Once an application is received and processed, all communications from the JIBC regarding the course are sent to the applicant directly. You are responsible for following up with the JIBC to confirm receipt of the application(s).
